TO WHOM IT MAY CONCERN

This is to certify and affirm that I have known Mukesh Gupta and his involvement with Bhutan and Bhutan Travel for several years. In fact it is for several decades. During the earlier stages of development of the tourism industry in the Kingdom, Mukesh was quite involved with promoting and setting up travel into the Kingdom. After leaving for the USA, he still kept up with the development of the travel industry into the kingdom and very effectively promoted the kingdom in and outside of the USA. It was very fortunate and propitious, that Mukesh Gupta has taken over the operations of Bhutan Travel.

In the last few years, Bhutan Travel under Mukesh's leadership continues to be a leader and one of the foremost promoters of travel in Bhutan in the world. I personally and jointly on behalf of ABTO believe Bhutan Travel to continue being a leader in promoting and selling of tours, hikes and treks into the country. We wish him and Bhutan Travel the very best. I am serving as one of the Board of Directors until 2014. Apart from being in the board, it is my responsibility to look after Procedure & Streamlining.
